

Representatives Swear to Follow and Uphold the U.S. Constitution. Laws in conflict with the Constitution are, and have been adjudicated as Null and Void. There are as you must know numerous court decisions supporting this FACT, Truth and directive. DO YOUR JOB and represent the Constitution, even if YOU and many of your constituents disagree with rulings. THEY are the Supreme law of the land, and passing new/more laws and restrictions will not change that. WE will not relent, and will eventually replace You with people who WILL uphold the constitution.

Sincerely, David Lester
