Subject: Climate FREAKING CRISIS !
Date: Saturday, February 8, 2020 11:05:42 AM

I have been up to Jasper Canada and have witnessed the melting of the ATHABASCA GLACIER over 30 years and it's shocking and undeniable! So, are we so stupid that we will wait for the DAMAGE COSTS TO BE SO MUCH WE CAN NOT AFFORD REPAIRS ? However! The fossil fuel folks have been lying for 50 years ABOUT THEIR POLLUTION AND ITS EFFECTS! Why should us consumers have to pay to fix their FRAUD?
