

As Oregon citizen, myself and my husband are asking you to VOTE  
NO ON SB1530.

OREGON does not need anymore taxes. If it is your goal to run  
the working people out of the state you just might succeed if  
you keep this up.

We the people pay for those taxes. The companies that they  
affect just pass it on to us, at least the ones who can afford  
to. The others will go out of business thus less jobs meaning  
less opportunity for all. You keep this up and even the  
government will fail due to nothing to support it.

We the people like our State, in fact we love it. We do not  
mind some taxes but TAXING US TO DEATH IS UNACCEPTABLE.
