Subject: Support HB 4109 to ban toxic chemical Chlorpyrifos
Date: Sunday, February 9, 2020 12:12:45 PM

I am in support of HB 4109 that bans the toxic chemical chlorpyrifos for the reason that I live in Oregon, play in Oregon, walk in Oregon, use streams and fish in Oregon and therefore the application of this toxic chemical chlorpyrifos poisons the landscape and wildlife of Oregon used by all people who value Oregon. Please adopt HB 4109.
