

URGENT ACTION NEEDED HB 4075 legislation will be part of the legislative session on Tuesday February 11th before the house Natural Resources Committee. It has been documented that Coyote killing contests in Oregon underscore the role that cash and prizes such as guns do play in motivation to kill the most or heaviest of coyotes within a specific time period. Where are the ethics, those sadistic hunters are totally out of step with the modern world. Their values absolutely do not reflect human values. These hunts are the ultimate of cruelty, and callousness. There is no sportsmanship or respect involved for our wildlife. PLEASE stop these barbaric, sadistic hunts in Oregon once and for all. Thank you
