---

Dear Chair Salinas,

Banning lorsban would remove a very useful tool to control soil born insects. In most if not all cases, it is our only option for control of these insects. We have already lost our other options we were able to use before. We have to take classes every year on the correct uses of this product and follow the label very closely. Please oppose HB 4109. Thank you.

Bill Gooding

Sincerely,

Bill Gooding
