

Hello,

I am writing to ask the House Natural Resources Committee of Oregon to support House Bill 4075 and ban coyote killing contests. Killing coyotes in this competitive means is unethical and unnecessary. I hope our state of Oregon follows the lead of Arizona, California, New Mexico, and Vermont to ban coyote killing contests.

Thank you for hearing my request; I am an Oregonian who feels like most others in this state that coyote contest killings are wrong. Please support HB4075.
