

Dear,

I'm an Oregon resident and I respectfully urge you to vote YES on HB 4075 to prohibit coyote killing contests in the state. Oregon state lawmakers should join public officials and wildlife agencies in New Mexico, Arizona, Massachusetts, California, and Vermont who have already banned wildlife and/or coyote killing contests.

During these horrific events, participants compete to kill the greatest number or the largest coyotes for prizes or bragging rights. Wildlife killing contests are cruel and senseless, counterproductive to sound wildlife management, and antithetical to traditional hunting ethics, jeopardizing the future of hunting in general.

Sincerely,

Dear,

I'm an Oregon resident and I urge you to vote YES on HB 4075 to prohibit coyote killing contests in the state. Oregon state lawmakers have this opportunity to join public officials and wildlife agencies in New Mexico, Arizona, Massachusetts, California, and Vermont who have already banned wildlife and/or coyote killing contests.

Oregonians DO NOT want this random killing in their state, and research shows it does not help control the coyote population.

During these horrific events, participants compete to kill the greatest number or the largest coyotes for prizes or bragging rights. Wildlife killing contests are cruel and senseless, counterproductive to sound wildlife management, and antithetical to traditional hunting ethics, jeopardizing the future of hunting in general.

Dear,

I'm an Oregon resident and a teacher and I am writing to you on behalf of the students of my middle school class who came forward with alarm about the senseless killing and violence being inflicted intentionally on coyotes. I respectfully urge you to please, please vote YES on HB 4075 to prohibit coyote killing contests in the state.

I was unaware until recently, that coyote killing contests existed. Several students brought it to my attention during a lesson on trophic cascades and ecosystems and humans impact on our natural world. They had several questions, most of which I had no answer for and the most common question was how did I let this happen? I've used this question to launch into our civics unit which will last until the end of the year and their questions, including "How is this legal and how do we change that ?", will shape our unit.

Oregon state lawmakers should join public officials and wildlife agencies in New Mexico, Arizona, Massachusetts, California, and Vermont who have already banned wildlife and/or coyote killing contests.

During these horrific events, participants compete to kill the greatest number or the largest coyotes for prizes or bragging rights. Wildlife killing contests are cruel and senseless, counterproductive to sound wildlife management, and antithetical to traditional hunting ethics, jeopardizing the future of hunting in general.

Please stop these senseless acts of violence. There is no way to justify killing for the sake of killing and "bragging rights" to a classroom full of students.

We are asking you to use your power for good. Please pass HB 4075.
Thank you.

Sincerely,

Dear,

I'm an Oregon resident and I urge you to please, please vote YES on HB 4075 to prohibit coyote killing contests in the state.

Oregon state lawmakers have an opportunity to stand for humane, progressive values, and join public officials and wildlife agencies in other states: New Mexico, Arizona, Massachusetts, California, and Vermont who have already banned wildlife and/or coyote killing contests.

During these horrific events, participants compete to kill the greatest number or the largest coyotes for prizes or bragging rights. This barbaric slaughter shows humans at our worst. There is no justification for these killing contests.

They are not only utter cruel, but are counterproductive to sound wildlife management, and antithetical to traditional hunting ethics, jeopardizing the future of hunting in general.

Please, do the right thing, the compassionate thing, the smart thing. May your wisdom prevail on this issue.

Gratefully yours, Krayna Castelbaum
