

Dear Chair Dembrow,

I oppose this bill because of the distance I have to travel to sell livestock at the auction to get a fair price is almost 200 miles from my location in Columbia county . For me to purchase quality high protein hay I must travel to Eastern or Southern Oregon . With the added cost of fuels it will force me to go out of buisness or I will be forced to move my operation to a much more friendlier agricultural state .

Sincerely,

Donovan Volk
