

Dear Rep. McKeown,

I strongly support HB 4036 because I see a benefit to our communities if we can:

1-Eliminate the 2021 sunset and continue aviation funding for the future

2-Increase the aviation fuel tax by 2 cents per gallon to provide grants for additional airport improvements

3-Eliminate the grant distribution priorities that have disadvantaged rural and non-FAA funded airports

Sincerely,

Douglas Naimo

President, Triggerfinger Software
