Note: Please use discretion with your personal information in written testimony (i.e., do not add personal information you do not want the public to see). All meeting materials, including your name and any personal information contained in the submitted documents, are posted to the Oregon Legislative Information System (OLIS) and are accessible to all major search engines, including Google, Bing, and Yahoo.

I am a retired senior who gets very little in my social security check as it is. My husband had to keep working because we cannot afford to live otherwise. We are neck deep in taxes and fees with no end in sight. Passing this bill DOES not change the climate at all. It only makes the cost of living go up for every Oregonian. For the folks who are already struggling this is the final straw before becoming homeless and hungry. Allow all Oregonians to vote on this bill. We are smarter and more invested in the future than current legislature would like to believe.  
Thank you.
