**Subject:** SB 1533 - response in opposition  
**Date:** Wednesday, February 12, 2020 11:13:44 AM

---

To whom it may concern,

Currently funding is provided to The Oregon Law Center from a variety of sources including state court filing fees, Interest on Lawyers Trust Accounts, The Lawyers Campaign for Equal Justice, federal, state and foundation grants and attorney fees awarded against opposing parties. I feel the current system of funding provides the necessary assistance to those in need, and opportunity for due diligence to determine the legitimacy of cases.

As good and honorably intentioned SB 1533 may be, if passed I feel this could be creating a vacuum with the potential to consume vast amounts of court time and award funds without assessing whether cases are legitimate.

Thank you for your consideration

Susan Hutchinson
