Subject: Support HB4105
Date: Monday, February 10, 2020 1:37:32 PM

I am writing to urge Oregon House and Senate members to support HB4105. I first become aware of global warming as a potential problem in the late 70's, more than 40 years ago. Since then, nothing has been done to limit emissions of a greenhouse gasses and a potential problem has become a real one. Please begin to address this problem with the passage of this bill.
