Representative Caddy McKeown
Co-Chair, Joint Committee on Transportation
900 Court St. NE, H476
Salem, OR 97301

Re; Support of HB 4036

Co Chair McKeon and Committee Members

Aurora Airport Improvement Association strongly supports the passage of HB 4036. We urge you to do the same!

There is so much work to do in Oregon to support the Aviation Industry and keep it strong. The industry has a multiplier effect on the State's overall success. Funding realized by passage of this bill will allow even more improvements at airports resulting in safer and more efficient aviation operations. Passage will stabilize budgets for future projects and equalize the playing field all airports in the State of Oregon.

So – please support the passage of HB 4036 and let's move Oregon Aviation forward safely, efficiently and stably.

Sincerely,

Tony Helbling
Secretary
Aurora Airport Improvement Association
