---

Dear Senator,

I urge you to vote no on SB 1530. We all care about our environment but this= bill is the wrong solution for a perceived emergency. The lack of transparency as well as confusing sections that the LC could not explain as well as the emergency clause along with high gas taxes are just a few examples of why this bill should not be passed. A referral to voters would be a better idea.

..

Thank you,

Nicole De Graff
