I am a relatively new naturalized US Citizen (originally from Canada). Even though I'm 34 I'm watching politics with fresh eyes as a newly enfranchised constituent.

I'm curious about reports of a 177 page amendment files less than 24 hours before 1530 is to be decided in the state legislature. This seems very undemocratic and irresponsible. Even controlling or manipulative.

Is this really about doing what's best for Oregonians and Oregon?
