Subject: No on HB1530
Date: Thursday, February 13, 2020 11:27:42 AM

SB1530 will destroy the livelihoods of the people of Oregon. Vote no today and please slow down and take a long close look at this bill and this tact before ramming it through. The short session is not the time to be addressing bills with 77 page amendments and a bill that comes with major financial/tax ramifications for Oregon residents. I oppose HB1530.
