Dear Governer Brown:

I am writing to urge you to remove SB 1530, Cap & Trade Carbon Emission Tax bill. I am a self employed truck driver, work at this time is hard to come by as is, this tax would require me purchasing a new truck, which I can't afford, due to all the taxes I am already paying, ie, fuel tax, road tax and ODOT/MCTD fees, along with many other required bills. I am a hard working person, however I can't afford anymore taxes on any more bills, as I am trying to keep up with what bills I have at this time. So I urge you to please remove this bill SB 1530.

Thank you for your time and consideration regarding this matter.
