

SUBCOMMITTEE RECOMMENDATION

**Oregon State Treasurer
Key Performance Measures Report**

On February 6th, the General Government Subcommittee recommended acknowledging receipt of a report from the State Treasurer on Key Performance Measures.

This report is part of a routine review of an agency's KPMs. The State Treasurer is making good progress to reduce the number of unneeded KPMs, revise existing KPMs, and propose new KPMs.

The State Treasurer plans to continue to refine its KPM changes over the course of the interim and return to the Legislature in 2021 with a comprehensive proposal for consideration.

The General Government Subcommittee recommends approval.
