

Dear, Senator Betsy Johnson.

I ask you to please vote no on HB 4167.

This bill will impact everyone that lives in Oregon. From big business to the little shops, from the rich to the homeless, from seniors to young adults. This bill will destroy the economy, and it will drive people to move away, how does that benefit Oregon?

I know how much damage this bill will do. My family had to live with it in Canada and unfortunately it drove us, and many more to move away from our families, and communities. It became difficult to have a decent livelihood. My husband had to travel hours away for a decent paying job, causing him to be away weeks at a time, and not seeing his little babies grow up. He had to miss many milestones and important date. This life wasn't a happy family lifestyle, it just tore families apart. So as you can see, HB 4167 won't only destroy business, but families also.

Please vote no on HB 4167
