

NO on HB4167

Cap and Trade is going to drive up utility prices and gas prices. Waiting around for a tax rebate next year when you have to pay your bills today is not a viable solution and the carveouts aren't for everyone, so that's not a fix.

County Commissioners from all over Oregon are saying NO to Cap and Trade and Legislators should too. Timber Unity has a 4-point plan to address carbon issues WITHOUT a tax; pass that NOW and leave our checkbooks alone. Stop wasting our money on green energy boondoggles. Twenty million to implement is crazy and unrealistic based on past projects and failure. The people deserve the right to vote. Refer it to the people.
