My name is Zinovia Berdogin. I am a resident of Molalla, Oregon and I OPPOSE HB 4167. The people deserve the right to vote on issues as devastating as Cap and Trade. This would be devastating to our economy, drive up gas and utilities and over all cost of living. It is also a drastic change to how Oregon regulates manufacturing, transportation and our natural resources. Refer it to the people. Oppose HB 4167.
