Gentlemen,

My wife and I are strongly opposed to the Carbon Cap and Trade legislation in whatever bill that you are placing it in. This legislation will harm many groups in Oregon including those on fixed incomes like us. I cannot see any benefit in carbon reduction or improving climate change. I support having the citizens of Oregon vote on this legislation. I find it insulting that democrat leadership of Tina Kotek and Ginny Burdick believe that we cannot understand the complexities of this legislation. I graduated Phi Beta Kappa from the University of Oregon and I understand exactly what it will do to our state. If you refuse to allow a vote then I support the GOP Senators walking out to stop this bill. Thank you.
