

2/21/2020

Dear Representatives:

I am opposed to HB 4005.

Common sense is needed. There are laws that already make the criminal use of a firearm unlawful. This bill and others being proposed make criminals out of Oregon's law abiding citizens.

Requiring a gun to be locked up after being purchased is unreasonable. Do you think a sale of gun would leave loaded?

Making a gun owner liable within two years of having a gun stolen is ludicrous – this would be a waste of time and money on law enforcement's part. How do you prove something like this?

Instead of making criminals out of honest, hardworking, common sense folks, you need to provide education on how to handle guns.

Providing funds for mental health education and support would be far more likely to prevent dangerous use of firearms.

Thank you for your consideration is opposing HB 4005.

Sincerely,

Vicki Murray

Roseburg, Oregon
