Subject: Oppose HB 4109
Date: Friday, February 21, 2020 9:20:07 AM

Dear Chair Dembrow,

This legislature does not have that expertise, and the Health Care Committee didn't even hear from the regulators at the Department of Agriculture, OR-OSHA, or Pesticide Analytical and Response Center about uses of the product in Oregon. Please do your homework before impacting my livelihood!

It is irresponsible to ban a product without understanding the consequences to farm families. And HB 4109 provides NO support to farmers who lack alternatives to control pests, protect their crops, and access commodity markets.

Sincerely,

Jen Hamaker
