

I am a 25 years registered Democrat

Please vote no on Cap & Trade Bill

Vote no on SB 1530

Vote no on SB 1574

This is not a Bill it's a tax

I believe we need to lower emissions

And we can fight climate change

This not the right way for Oregon to achieve it's goals.

This bill still allows the biggest company to continue to pollute, just buy more credits, run the price of credits up high so only large companies will be able to afford them. Hurts coastal community's

This bill is putting:

High School students

against other high school students

Family members against

other family members

Community member's

against other community members

Small Towns against

other large (city) towns

24 + county's representing over 2 million

Oregon Resident

From our county board commissioner

24+ county's opposed to

Cap & Trade Bill

Yes we have had public hearings for the past 3 years. Many Democrats, Republican, Independent have been voicing there concern, we still and never want this Cap & Trade Bill (tax)

Vote no on SB 1530

Vote no on SB 1574

Vote no on Cap & Trade Bill
