Re: OPPOSITION to: [HB 4065]!

Those Members of the Legislature who "Vote" to removing another measure of "personal responsibility" by waiving motor vehicle fines for those who assert the "poverty defense" should be...(insert your vituperative vulgarities and profane disgests here).

Driving on our roadways is a privilege.. [HB 4065] enshrines "Driving" motor vehicles on our roads as a "Human Right."

The arguments to avoid "spiraling poverty" for those that screw-up on our roadways but can't pay their fines should suffer. Perhaps even in some cases those idiots should have their vehicles impounded.

What is next, non-registration of vehicles because the person(s) are too poor to pay? Why even have "driver's licenses" and or even the Department of Motor Vehicles?

Note how many "Non-profit and or Public Benefit Corporations" support this legislation. Make inquiries into their clientele and if they are receiving any government subsidies.

It is ironical, on this very day of the "Vote" for [HB 1530], [HB 4065] will allow people to cry poverty and can't pay their fines for violating motor vehicle laws are allowed on our roadways spewing their poverty crap along with their vehicles emissions polluting our atmosphere.

VOTE "NO" ON: [HB 4065]!

Respectfully submitted,
