**Subject:** HB 4149 – Relating to behavioral health  
Work Session Recommendations

House Bill 4149 appropriates \$200,000 General Fund for the Alcohol and Drug Policy Commission to: 1) develop an intervention strategy to address substance use among school-aged children and youth; and 2) take an inventory of the resources available in the state to address the prevention of, treatment for, and recovery from substance use disorders. Both the strategy and inventory must be reported to the Legislature by November 1, 2020.

The bill also requires certain state agencies to meet with the Commission on a quarterly basis and report on their progress on implementing the Commission's comprehensive addiction, prevention, treatment, and recovery plan.

The -A4 amendment makes a technical adjustment to the \$200,000 General Fund appropriation in terms of the budget structure used to support it. Currently, the bill makes the appropriation directly to the Commission, whose budget resides within OHA. The amendment revises the language to instead appropriate the General Fund, for the required purposes, to the OHA budget structure used to support the Commission.
