

Dear Senators,

Oregon's wildlife is managed under the public trust doctrine, which holds that our state's wildlife is managed for the benefit of all Oregonians. It is unethical & cruel to wantonly kill wildlife as part of a contest. HB 4075A is good for farmers, good for hunters, and good for wildlife. Science shows that randomly killing coyotes increases conflict with livestock, and casts Oregon's ethical hunters in a bad light. Please support HB 4075A.

Thank you for your service to our State.

Sincerely,

Elaine Rybak
