

Greetings,

I'm writing today to ask all committee members to affirmatively support HB4075A which bans coyote killing contests in Oregon. This measure is good for farmers, good for hunters, and good for wildlife. Science proves that randomly killing coyotes increases conflict with livestock, and casts Oregon's ethical hunters in a bad light. HB 4075A is legislation that is perfectly aligned with Oregon's values, the best available science, and broad public support.

Thank you,
