RE: SJR 201

WE ARE A STRONG NO

This bill amends Oregon Constitution to a majority of each house of Legislative Assembly needed to be in attendance for quorum necessary for a house to conduct business.

Despite the sharp divide in the legislature, what you wish will most likely come back around to bite you.

The proposed amendment to Oregon Constitution to change duration of legislative sessions from calendar days to session days destroys the integrity of the majority party.

Either way, it creates a tyranny rule.
