

This bill amends Oregon Constitution to a majority of each house of Legislative Assembly needed to be in attendance for quorum necessary for a house to conduct business.

Two-third is established in the constitution to protect from a tyranny rule when both houses are controlled by the same party. A simple majority would destroy bi-partisanship and a broad representation.

This is pure tyranny to even make such a proposal.

I do not support - never will - (regardless of which party controls) - bigotry is not an acceptable form of government.
