

Dear legislators,

My name is Chad Kernutt and I urge you to vote NO on SJR-201. The two-third rule for quorum is established in the constitution to protect from a tyranny rule when both houses are controlled by the same party. A simple majority would destroy bi-partisanship and a broad representation and allow political parties to ram through any legislation they want which would be everything from their parties wish list/agenda. This is a very dangerous proposition. I find it ironic that democrats again are being hypocritical as they usually are, in this case they were the first ones to use the quorum rule to stage a walk-out led by Kate Brown (how ironic) to get their way. Now Kate Brown and the rest of the liberal tyrants in our legislature are crying it's an assault on democracy (how ironic and hypocritical) meanwhile they are abusing the emergency clause throwing it on the bills they are ramming through and forcing upon us all so that way WE THE PEOPLE can't undo their tyrannical legislation at the ballot box. If the quorum goes then we will forever be under progressive mob rule. You guys should think about something our founding fathers kept reiterating throughout the drafting of the constitution and the rest of their lives and that was if tyranny from the government becomes law then rebellion becomes the duty of the people. I urge you to vote NO on SJR-201. Thank you.
