BACKGROUND:

The Oregon Promise program is a state grant that covers tuition costs at Oregon community colleges for recent high school graduates or General Education Development (GED) graduates. In order to enroll, students must be Oregon residents for at least 12 months and have completed their high school diploma or GED in Oregon. According to the Department of Human Services (DHS), 16 children and youth in Oregon's foster care system were in placements outside of Oregon as of January 2020 (compared to 88 in March 2019).

DHS is responsible for responding to child abuse reports in Oregon and screening for information to determine if there is a need for an assessment. If no assessment is needed, the report is closed at screening. According to DHS, 47 percent of child abuse reports were closed at screening between January and September 2019.

SB 1566 A STAFF MEASURE SUMMARY

DHS administers Oregon's foster care program, and placements in foster care range from family home settings to congregate care settings. Family home settings are placements with families that are certified to provide foster care. Congregate care settings include CCAs and qualified residential treatment programs (QRTPs). Currently, DHS may make placements of children or youths in congregate care residential settings if the setting is a licensed, certified, or authorized CCA or a QRTP.

Senate Bill 1566-A is an omnibus bill relating to children. It addresses the Oregon Promise program, screening requirements for reports of child abuse, family-based programs providing services to children, and out-of-state child-caring agencies.
