ISSUES DISCUSSED:

- Responding to demand for information
- Technical adjustments
- Language reflecting best practices with regard to tribes

EFFECT OF AMENDMENT:

Adds effective date.

BACKGROUND:

The Oregon Liquor Control Commission (OLCC) is responsible for enforcing Oregon's Bottle Bill, as well as regulating alcoholic beverage sales and recreational marijuana, from production through processing, transport, and sale. The OLCC also regulates medical products sold through retail marijuana stores to medical marijuana cardholders. Alcohol and recreational marijuana are strictly regulated industries that generate significant revenue. Regulated persons and entities are subject to intensive data collection, reporting, and investigation.

Senate Bill 1556-A allows the OLCC to utilize commercial information it collects and to generate revenue by selling or licensing the use of, or access to, that information.
