BACKGROUND:

In 2015, House Bill 2642 created a Board of Certified Advanced Estheticians within the Health Licensing Office (HLO), which oversees the safe practice of advanced nonablative esthetics and ensures that individuals who are practicing advanced nonablative esthetics are qualified to perform services on the public. In 2019, the Board of Cosmetology revised Oregon Administrative Rules (OARs) with a focus on esthetics scope of practice including use of devices, chemical peels, dermaplaning and client records, and requirements for additional education and training. The revised OARs (Chapter 817) clarified the requirements for the practice of advanced nonablative procedures and use of devices registered with the Food and Drug Administration among licensed Estheticians and Advanced Estheticians.

House bill House Bill 4016-A further clarifies scope of practice for Estheticians and Advanced Estheticians in Oregon.
