### SUMMARY

Requires Department of Revenue to issue license to qualified retailers of tobacco products and inhalant delivery systems. Defines "tobacco products" and "inhalant delivery system." Allows department to impose civil penalty for specified violations. Directs department, Oregon Health Authority and local public health authorities to share information for effective administration and enter into agreements for purposes of collecting fees imposed by Oregon Health Authority and local public health authorities.

Allows Oregon Health Authority to impose civil penalty for violation of certain state public health and safety laws related to tobacco products and inhalant delivery systems.

Allows local public health authority to enforce local standards for regulation of sale of tobacco products and inhalant delivery systems or enforce state standards for regulation of sale of tobacco products and inhalant delivery systems.

Takes effect on 91st day following adjournment sine die.

### OPEN GOVERNMENT IMPACT

Legislative Counsel has not adopted standards for drafting measures that establish exemptions from disclosure of public records.

This measure exempts from public disclosure license applications for retail sales of tobacco products and inhalant delivery systems.

If those public records were instead subject to mandatory disclosure under public records law, the public could be able to access additional information regarding persons and locations for which licenses have been applied for retail sales of tobacco products and inhalant delivery systems.
