A BILL FOR AN ACT
Relating to regulatory authority over marijuana; and declaring an emergency.

Whereas the Oregon Cannabis Commission is tasked with determining a possible framework for the future governance of the Oregon Medical Marijuana Program; and

Whereas the commission identified as a barrier that current regulation of cannabis by multiple state agencies with different mandates causes confusion and task duplication and does not provide Oregon with centralized oversight of cannabis; and

Whereas the commission recommends that the Legislative Assembly, in coordination with the commission and other agencies, explore alternate forms of governance over cannabis, such as consolidating governance under a single body, which will require a detailed examination of the costs and benefits of the restructuring of the programs and how to implement such a change; now therefore,

Be It Enacted by the People of the State of Oregon:

SECTION 1. (1) The Department of Revenue, Oregon Health Authority, Oregon Liquor Control Commission, State Department of Agriculture and office of the Governor, in consultation with the Oregon Cannabis Commission and licensees and other cannabis entities regulated by the Oregon Liquor Control Commission, shall collaborate to develop a plan to address the administrative burden and cost of regulation of marijuana in this state. At a minimum, the plan must:

(a) Recommend the appropriate regulatory authority over the Oregon Medical Marijuana Program;

(b) Detail consolidation of administrative functions related to the regulation of marijuana;

NOTE: Matter in boldfaced type in an amended section is new; matter [italic and bracketed] is existing law to be omitted.
