Ok on April 28, got a NO CAUSE EVICTION which came after my questions upon the land lords over why cash only for rent? Why the two in house cameras? 2, one in the dinning room, the other in the kitchen. Why do you two come thtough the front door 24/7 and go through tenants rental paid common area and you have a door to your living in the basement from the back yard that you don't allow us to use to use the door to the basement thats in the kitchen that you have a plated bolted lock on this door. You don't let us go into where you live at all. You have locked hallway cubbords by the bathroom. You also have no oven use for the tenants as you took out the oven BUT YOU HAVE ONE and the stove top burners you only allow the 2 front burners for use AND YOU USE ALL 4 ON YOUR STOVE TOP. VERY MICRO MANAGED CONTROLLING BY THEM BOTH. When the man Brian had the bed bugs infestation they came in to my room and I slept on the dinning room floor while they covered it up with killing them and cleaning but I gave found bed bug shells in my room. And while sleeping on the dinning room floor I was getting semi dressed like changing a shirt and the camera was above me abd didn't know for 3 wks. when I looked up and saw it. Also they gladly charged me full rent that month I slept on the dinning room floor. If I had a place to go they wouldn't have gotten that đŸ° which is all they ONLY care about and not getting found out. "We don't want our names mis used in any bad way" she said to me. So lots of questionable behaviors from them and the one caused me to go to THE city about is the closet room I am in with the bed bug other closet not much bigger is it legal by codes made from the garage? PLEASE PLEASE CALL ME FOR I HAVE MORE TO SAY. I CAN'T LOOK FOR A PLACE TO LIVE FOR THEY TOOK AWAY THE WI FI BUT WILL GET HOT SPOT WHICH I JUST FOUND OUT ABOUT... BLOWING UP MY PHONE WITH PICTURES BADGERING LIES I AM NOT DOING. PLEASE PLEASE MORE TIME HER EVICTION ISN'T LEGAL. During Covad.
