

I support Senate Bill 1606 so that it becomes law in Oregon and so that no Oregonian with disabilities will never again have to be alone at the hospital! I am Seth Johnson from Redmond Oregon and I “Support of Senate Bill 1606 because no Oregonian with disabilities should be without needed support in the hospital.” All too often the people we serve are left alone in hospitals and their quality of care suffers as many of them have high and complex needs and often lack verbal communication.
