

Hello, there is a constituent that would like to share their story with you. On behalf of the family we are asking that SB 1606 pass this Special Session so that Oregonians experiencing disability can access healthcare, use support from people they trust while they are hospitalized and have support when making end of life decisions. This is an emergency and directly related to the COVID-19 crisis. As summarized in the attached document people with disabilities are experiencing these barriers to health care today.

Please pass SB 1606!

I have also attached a summary for your reference.

Thank you.

Working together for families,
