

Please vote no on the bills to ban Sonics, tear gas and others weapons for police. They need these things to control rioters. If they hadn't used these tools in Eugene recently, our downtown would have been further ransacked by unruly "protestors". If police don't have the tools they need, then we should just hand over the keys to all of our cities to these communists. I know I'm just sending this email into a black hole, and the legislature will just go right on ahead and vote in this stupidity, but try and think about what life is like for those who don't live inside a wealthy gated community. I know it feels good to virtue signal to your buddies in California about how you're stopping make-believe police brutality, but these laws you're passing effect real people (none of you, of course) but I'm thoroughly convinced none of you care.

I'm talking about bills:

HB4201, 4203, 4205, 4207, 4208

I know this email won't make a lick of difference, but understand that the more bills like this you folks pass, the more taxpayers with common sense will pick up and move. You can't have your bloated, smug tyranny without tax cattle To fund it (the antifa pets running amok you adore so much aren't tax payers, FYI). Your content for regular folks won't defy math. Faux virtue won't fund your policies. That's the problem with socialism: you will run out of other people's money at some point.

Sincerely,  
Alexis Frazier, a rational Oregonian
