**Subject:** Support for SB 1606: Access to Care for Oregonians with Disabilities

To Whom it May Concern,

I am writing in support of SB 1606. I believe that Oregonians experiencing disability should be able to access healthcare, use support from people they trust while they are hospitalized and have support when making end of life decisions.

Given COVID-19, this is an emergency. These changes cannot wait until next year because people with disabilities are experiencing these barriers to health care today.

I am the parent of a young adult with disabilities. Without SB 1606 I would not be able to be with her at the hospital or provide support if she is asked to sign documents.

This is a simple fix for an urgent problem.

Thank you,

Ann Glang
