Subject: Support for SB 1606: Access to Care for Oregonians with Disabilities
Date: Wednesday, June 24, 2020 7:15:59 PM

I am writing to let you know of my support of SB 1606. My daughter is in the hospital right now and I had to fight to get in to see her. She had 4 surgeries in a 2 week period and I was allowed to see her twice! She told the nurse when I saw her the first time that she was traumatized because they were keeping me from her. We both cried! She still has a few more weeks in the hospital and finally they are allowing 1 person in a day to see her. That means my husband and I have to take turns seeing her. It's shameful! Please know that SB 1606 needs to be passed ASAP.

Thank you,
Diane S Cole
