---

I am the parent of an adult daughter with developmental disabilities. I am writing to give my strong support to SB 1606.

My daughter's support worker is like my daughter's right arm! Her having to be in the hospital without her support worker to assist her ("translate" what the doctors are saying, give her moral support, help her assert her needs) would be like a death sentence for my daughter. My daughter appears not disabled but she is in fact quite disabled. That's why she received SSI and has a support worker. PLEASE PLEASE PLEASE let this bill pass.

Thank you

Susan A Rosenthal, LCSW
