

As a part of written testimony to be submitted for consideration. I believe that the bills listed below add layers of safety not only for our community, but for our officers as well. When driving home this morning, I looked in my rear view mirror and saw a police officer behind me. My heart started to race, and hands shook, until he turned off the street. I was following the speed limit, and all traffic regulations. I am a white male, the most privileged, and even I look at our officers with a feeling of fear. We need change, but not only that **Action**.

Bills I support of: Police Related:

HB 4201: Requires deaths and certain injuries caused by police to be reported to the Attorney General  
HB 4203 Disallows police to use force that limits a person's ability to breathe, including, but not limited to chokeholds.  
HB 4205 Requires a police officer to intervene when they see another cop engaging in "act that is unethical or that violates law, rules or policy."  
HB 4207 Establishes a state-wide database of policy disciplinary records. Makes that database public.  
HB 4208 Prohibits use of teargas and sonic weapons.

COVID/ Social Support Related: HB 4204 Establishes temporary limitations on lenders being able to enforce default remedies on obligations secured by mortgages, trust deeds, land sale contracts or other instruments. (Can't evict homeowners).  
HB 4213 Prohibits residential and commercial evictions under specified conditions during emergency period

Sincerely,
