

My name is Xia Wang and I live in Eugene, Oregon. I am writing to support to pass the bills below:

HB 4201: Requires deaths and certain injuries caused by police to be reported to the Attorney General

HB 4203 Disallows police to use force that limits a person's ability to breathe, including, but not limited to chokeholds.

HB 4205 Requires a police officer to intervene when they see another cop engaging in " act that is unethical or that violates law, rules or policy."

HB 4207 Establishes a state-wide database of police disciplinary records. Makes that database public.

HB 4208 Prohibits use of teargas and sonic weapons.

I have attended different protests in Salem, Eugene, and Portland in the past couple of years. All of them are peaceful and compassionate. They are unarmed and not threatening to citizens and police. Police implement any violence methods towards unarmed and peaceful protesters, which just cut off communication opportunities and escalate the situation. Please follow the constitution to protect free speech and gathering to pass these legislation bills.

Sincerely,  
Xia Wang
