BACKGROUND:

Under current Oregon law, a law enforcement agency is required to follow established policies created by the agency in compliance with ORS 181A.780 when responding to a fatality caused by an officer's use of deadly force. This policy must be submitted and approved by the office of the Attorney General of Oregon and publicized on the Oregon Department of Justice's website. Currently, a law enforcement agency must designate a lead investigator employed by an agency other than the agency employing the officer under investigation for the use of force.

House Bill 4201-A Establishes the Joint Committee on Transparent Policing and Use of Force Reform to meet specific objectives relating to transparent policing and use of force reform.
