HB 4213 A STAFF MEASURE SUMMARY

No amendment.

BACKGROUND:

According to Oregon Housing and Community Services (OHCS), prior to the COVID-19 pandemic, 27 percent of Oregon renter households were severely housing cost burdened, meaning that they spent more than half their income on rent. As a result of the pandemic, tenants impacted financially due to unemployment and lost wages have either missed rent payments or leveraged economic impact payments, savings, and unemployment benefits to meet rent demands. OHCS surveyed affordable housing providers across the state in May 2020 and estimates that 11.6 percent of rent payments were not made in that month.

The federal Coronavirus Aid, Relief, and Economic Security (CARES) Act allows eligible homeowners who suffer a financial hardship due to COVID-19 to enter forbearance and temporarily suspend or reduce their mortgage payments. It is estimated that four million homeowners have already applied for mortgage forbearance. According to the National Conference of State Legislatures, in response to economic hardships created by COVID-19, nearly a dozen states have introduced consumer protection legislation to provide temporary relief from evictions and foreclosures of residential and commercial properties during the pandemic; several other states have provided similar protection through executive or judicial orders.

House Bill 4213-A temporarily restricts landlords and lenders from actions against tenants and borrowers due to late or nonpayment of rent or mortgage during the Governor's declared emergency period in response to the COVID-19 pandemic.
