

Dear Legislators,

I'm writing in strong support of LC18. I supervise programs for a large non-profit in Portland and know from our clients that housing instability during COVID-19 is a serious issue. Client assistance requests come in every day from families who are not able to pay their rent. If the eviction moratorium is lifted, many families will have no way to catch up on rent and could end up houseless in the new year. Please vote to continue the eviction moratorium and provide relief to renters and landlords to keep our families housed and our community stable.

Sincerely,  
Amy Corbett
